

## FOUNTAIN WILL BE PRESENTED TODAY

Interesting Program Has Been Arranged for the Occasion.

MAYOR THOMAS WILL PRESIDE

Presentation Speech Will be Made by Rev. W. J. Carpenter, and Christopher Matheson Will Reply in Behalf of County Commissioners.

Today will be a glorious day for Gainesville, it being the day selected for the dedication of the elegant fountain, which will be presented by the ladies of the Woman's Christian Temperance Union to the county.

The ceremonies will begin at 4:15 p. m., immediately after the session of the Bible Conference, and will be held from the band stand on the north side of the square.

The program, while not elaborate, will be a most impressive one. Mayor W. R. Thomas will preside. There will be an invocation by Rev. Thos. P. Hay, pastor of the Presbyterian Church, after which the presentation speech will be made in behalf of the ladies by Rev. W. J. Carpenter, for four years pastor of Kavanaugh Methodist Church here, and who was very active in the temperance campaign two years ago. The response in behalf of the county commissioners will be delivered by Christopher Matheson in his usual eloquent manner, following which the elegant bronze fountain will be presented formally by the W. C. T. U. to the city and county.

In compliance with an invitation extended by the W. C. T. U. to the City Council at its meeting Monday evening, the council will attend the ceremonies in a body. The aldermen are requested to meet at the council chamber at 4 o'clock this afternoon, prompt.

While the fountain will be a public benefit to the people of the city and those visiting here, it must be presented and remain in the possession of the county, inasmuch as it is located on county land, being a few feet inside the county court house square. The city very generously agreed, however, to furnish water absolutely free, so it might be termed a mutual honor to both the county and city which has been extended by these dear ladies, through the efforts of whom this convenience to the public has been made possible.

A general invitation is extended to the public.

W. C. T. U., Attention.

Every member of the Union is earnestly requested to meet at the Tabernacle this afternoon immediately after the service, that we may attend in a body, the formal presentation of the drinking fountain.

Chamberlain's Stomach and Liver Tablets. Unequalled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

Will Return For Trial.

Savannah, Ga., Feb. 8.—F. E. McArthur and his son, W. R. McArthur, will come back to Savannah without a requisition. This statement was made today by Walter S. Roberts, attorney, of Knoxville, who came here today to represent the McArthurs, who will be tried next week upon charges of larceny after trust, growing out of the conduct of their defunct music business, which they carried on for a while with great display and apparent success.

## MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

SLEET BECOMES SLUSH.

Rising Temperature Breaks Backbone of the Great Storm.

Atlanta, Feb. 8.—Rising temperature yesterday morning caused a general thaw, and it was evident that the backbone of the greatest storm in the history of Atlanta and Georgia was broken. The trees and wires which had been actually clogged with the white blood of winter began dripping and shedding their mantles of ice.

Although surface traffic throughout the city was at a standstill, the weather conditions favored the work of repair, and hope was held out that the cars would soon be running—a hope that was happily realized shortly after noon.

From an ice-bound city, Atlanta was rapidly transformed into a mass of slush that rapidly lost its pristine beauty and took on a decidedly chocolate tinge that was anything but artistic. But while the storm was over and the streets ran with rivers of ice water, reports from every direction agreed that a new precedent had been established in the matter of the weather of the Gate City and Empire State of the South.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and \$1 bottle. Sold by W. M. Johnson."

A Matter of Gender.

The English language is supposed to be very simple in the matter of genders, but foreigners who triumphantly handle questions of gender of inanimate things in their own languages often have their difficulties with the English. A Frenchman recently came to grief over his English. "I fear I cockroach too much upon your time, madame," he remarked politely to his hostess. "En-coach, monsieur," she smilingly corrected him. He threw up his hands in despair. "Ah, your English genders!" he sighed.

Would Make Sure About the Soap.

A little boy who had been blowing bubbles all the morning, tiring of play and suddenly growing serious, said, "Read me that story about heaven; it is the glorious one."

"I will," said the mother, "but first tell me, did you take the soap out of the water?"

"Oh, yes; I'm pretty sure I did."

The mother read the description of the beautiful city, the streets of gold, the gates of pearl. He listened with delight, but when she came to the words, "No one can enter there who loveth or maketh a lie," bounding up, he said:

"I guess I'll go and see about that soap!"—New York Observer.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E.
